

## **The Gift of Time Together**

**Texts: Psalm 133:1-3; Acts 2:42-47; Hebrews 10:24-25**

### **OPEN**

Why do you think is quality time so vital to building meaningful relationships?

Are you satisfied with the amount of quality you are investing in your most important relationships? Why or why not?

### **DISCUSS**

What do you observe about value of quality time in the passages above?

How did the early church use their time? Are we similar or different today?

There is value in investing time over time with others. Small and larger investments of time with others, over and over again, year in, year out. Often you have no idea of the impact in a relationship or how a relationship is growing in each moment of time, but you certainly see the impact of many moments of quality time accumulated over the long haul of life. Share a story that comes to mind as you think about investing time over time with someone in your life.

What are the challenges preventing you from investing more quality time with others? How can you make some small (or big) adjustments to place this priority higher on the list of life?

### **YOUR NEXT STEP...**

Take action on the bullet points below and report back to the group what happened as you engaged others with these four questions:

1. What is making you smile this week?
2. What has you feeling scared or anxious?
3. How can I help you?
4. Do you know why I am a fan of YOU?
