

Learn from the Little • #wisdom Week 2 • July 8/9
 Proverbs 30:24-28

Open:

- When you think about wisdom, what animal in nature personifies wisdom to you? Why?

Discussion:

- What kind of wisdom does our culture value?
- Who are the people and places we look to find this kind of wisdom?
- Where do you look for wisdom?

Read Together Proverbs 30:24-28

- What is your initial reaction to the list of animals Proverbs utilizes to describe wisdom?
- Why do you think these specific animals appear here?
- How could this subvert conventional thinking about wisdom?
- How does this affect your thinking about wisdom?

How do each of these animals illustrate wisdom?	Where can you apply this wisdom in your life? <i>Be as specific as possible.</i>

Practices for the Week:

Observing Wisdom in Creation: Proverbs 30:24-28 presents wisdom based on observations of God's creation. If you can, spend some time in creation this week and take note of what you see. Or, watch a nature documentary on your favorite media viewing platform. Prayerfully walk or watch and observe the ways that you can see wisdom revealed in God's created order.

Walking in Wisdom: Meditate on the four creatures from this week's message, and consider the ways you will incorporate the wisdom from Proverbs 30:24-38 into your life. What steps will you take to begin walking in the way of wisdom? Who will help you? How can you pursue wisdom in community? What resources or practices will help you grow in these areas?
